FOR IMMEDIATE RELEASE

Enlighten Collection—Inspired by nature; outfitted with Crypton

Grand Rapids, MI—August 2011—introducing the Enlighten Collection: Essence, Guru, Nirvana, Peace and Retreat; five bold textile designs with the added benefit of Crypton protection.

Inspired by nature, the Enlighten Collection merges traditional floral patterns with modern organics and textural plains to create a harmonious offering befitting an array of applications.

Essence, the keystone in the collection, is the perfect plain for harmonious coordination. Guru's overlapping circles create a modern flower pattern while Nirvana uses woven textures to create a versatile and minimalist design. Randomly woven petals and stems create the abstract floral design of Peace by utilizing tonal shading with the slightest hint of sheen. Lastly, Retreat is the statement maker of the collection. A confident foliage design modernized by using silhouettes and layering of tonal shades with a splash of intricately woven color.

All five patterns have the added benefit of Crypton® protection giving them superior cleanability, stain resistance and an integrated moisture barrier to ensure permanent protection. All are SCS Indoor Advantage™ Gold certified and contribute to points for LEED-CI.
